CONFERENCE GUIDE

WELCOME TO ITC MIDDLE EAST 2019

ValvTechnologies is excited to host you at the ITC Middle East - ValvTechnologies' International Technical Conference and Users Group focused on the Middle East region.

We have many new and informative seminar topics to present to you, as well as exciting networking events planned. We hope the next couple of days will be beneficial and enjoyable for you during your stay.

“

Inspire. Provoke. Reveal.

”

or Wednesday, March 13

#ITCME

INDUSTRY EXPERTS

MOTIVATE. INNOVATE. EDUCATE.

Ron Anselmo

Vice President, Key Accounts

Jeff Gendler

HTI, LLC

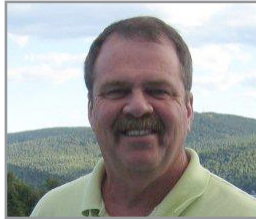

Julie Bodine

Director, Global Marketing

John Furfey

Industry Director, Oil & Gas

George Stover

Global Technical Manager

Bill Henwood

Industry Director, Nuclear

Gobind Khiani

Consultant

Indajith Vijayakumar

Service Engineer

Abdel Baiger

Regional Sales Manager

Abdul Rauf

Gulf Commercial Group

Bader M. Al-Jarallah

Saudi Aramco

A. Rifqi Anda

P.T. Pertamina

AGENDADAY 1

TIME	TOPIC LOCATION
	LIWA BALLROOM A
8:00 am	Registration
9:00 am	Welcome Safety Industry & regional updates
10:00 am	ValvTechnologies' engineering advancements
10:30 am	AM Break
10:45 am	Success story: ValvTechnologies' zero-leakage solutions in the Middle East
11:15 am	Success story: Benefits of adding HCAT® technology
12:15 pm	Lunch

	TOPIC LOCATION	
	POWER LIWA BALLROOM B	OIL & GAS SAADIYAT ROOM
1:15 pm	Applicaton focus: Continuous catalytic reforming applications	
2:00 pm	Success story: Experience of high-performance floating ball valve in gas pipeline applications	
2:45 pm	Success story: Aftermarket service solutions	
3:15 pm	PM Break	
3:30 pm	Power application focus: Alloy 6 delamination	Downstream application focus: RFCC/FCC
4:30 pm	Power application focus: Main steam modulating vent	Upstream application focus: Pig launchers and receivers
5:30 pm	Networking Event Hemingway's - at the Radisson Blu Abu Dhabi Corniche	

AGENDA DAY 2

TIME	TOPIC LOCATION	
	POWER LIWA BALLROOM B	OIL & GAS SAADIYAT ROOM
8:30 am	Registration	
9:00 am	Power application focus: Importance of zero-leakage	Upstream application focus: Double block and bleed, double isolation and twin ball valves in manifold service
10:00 am	Power application focus: Attemperators	Downstream application focus: Hydrocracking
10:45 am	AM Break	
11:00 am	Power product focus: V series valves for power	Upstream application focus: Methane liquefaction / LNG cyrogenic service valves
11:30 am	Power product focus: ERV	
12:00 pm	Power product focus: Xactrol®	Downstream application focus: Heavy oil applications (hydrogen service, catalyst handling, slurry systems processes)
12:45 pm	Lunch	

	TOPIC LOCATION	
	POWER LIWA BALLROOM B	OIL & GAS SAADIYAT ROOM
1:45 pm	Power product focus: IsoTech®	Upstream application focus: Mole sieve switching, regeneration valves
2:30 pm	Power product focus: ValvPerformance Testing™	Downstream application focus: IMO 2020 mandate and coking solutions
3:15 pm	PM Break	
3:30 pm	Product focus: IsoTech® and V1-1 hands-on	
4:00 pm	Closing	

TUES. MAR 12

RECEPTION

NETWORK. CONNECT.

Networking Reception

Tuesday, March 12, 2019

17:30 - 19:30 pm
